FOR BUSINESS

## NEW YORK LAW FIRM MAKES SUCCESSFUL TRANSITION INTO NEW FACILITY

- WHAT:** Davis Polk & Wardwell, New York City, N.Y.
- PROBLEM:** The law firm was moving into a new headquarters.
- OBJECTIVE:** To maximize space efficiency and allow for future growth.
- SOLUTION:** Make mobile storage an integral part within its storage facilities.
- PRODUCT:** Spacesaver Programmable Electric System and Mechanical Assist Mobile Storage Systems.

## UNIQUE FEATURES

- Eleven mobile systems were installed in seven departments.
- Each system was customized to meet each of the individual department's specific needs.
- Systems have a wide choice of laminate or real wood panels combined with a variety of shelving colors to blend with any decor.

## BENEFITS

- The systems consolidate materials close to the point of use.
- Improved access and efficiency.
- Systems help protect the people who are in the aisles in addition to the product stored on the system itself.

Spacesaver mobile systems are ideal for a wide range of applications, including a records center and supply storage.
